

THE INAUGURATION OF THE FIRST LAWN BOWLS FIELD IN FRANCE A "HUGE SUCCESS"...

The start of a great adventure!

SO WHAT'S NEXT ?

The 'beau monde' takes to the bowling green

On Saturday, June 2, 2018, Gary Collins (World Bowls Director for Europe), Patrick Duvarry (President of the French Federation of Lawn Bowls) and Véronique and Philippe Chevalier (Associate Directors of Domaine Les Ranchisses) inaugurated the first French bowling green at Domaine Les Ranchisses in Ardèche.

The event was a great success, in the presence of local elected representatives (including the deputy Fabrice Brun), Cindy Royet and Audrey Vyt (members of the French team), as well as official partners of the FFLB: Dales for the field and Aeros for the equipment. The trade press also covered the event, with the magazines Inside Bowls and Bowls International.

Delegations from all over the world (Hong Kong, China, Switzerland, Scotland, United Kingdom among others) attracted attention for their level of play. While the various teams were able to showcase their skills during the competition, all the guests could also try their hand at "bowls" on the new 40 m x 40 m lush green turf.

All the attendees seemed to be in sync with the Ranchisses motto "Let's celebrate being together"!

The 1st Bowls Social Club of France

This true moment of exchange and conviviality accurately reflected the motto of the French Federation of Lawn Bowls: "More than just a sport, it's a way of life!".

It was also an opportunity for Patrick Duvarry and the FFLB to award Domaine Les Ranchisses with the "Bowls Social Club" label, attesting both to the quality of its Bowling Green and the excellence of its services.

Domaine Les Ranchisses brings you a comprehensive offer (accommodation and bowling green access) that includes sports, a quiet getaway with family or friends, or organizing competitions.
